

Dear Madam, Sir,

We hope that you, your family and your employees are in good health.

These are exciting times and we are not yet able to imagine what our future will look like. In any case, it is certain that the way in which we live and work together will change.

In any case, we are assuming that the so-called "lock-down" situations will soon be lifted to a greater or lesser extent and that we will be able to restart our businesses.

Then it is good for you to know that Laundry Robotics has not sat still. We are now ready to place our "co-worker" robin in your company. robin is available from now on. [Meet robin!](#)
